Submit Assignments by 16th November 2020 11:59 PM.

Assignment Submit Form: https://forms.gle/Ny1CwFWRf4DhBnQT8
Submit assignments in Appropriate Dropdowns.

Questions 1:

Create an API using HTTP Module

The dataset is an array of objects and not a different file and each object in the array has the following properties {id, name, age, planet, weapons}

The API should have a create, update, delete and fetch superheroes features

Make sure all request methods are correct

Test your API using the Insomnia API

Note: *You don't have to perform any file reading writing operations in this assignment the data should be just above all your functions*
